To Replace Single Battery

1. Carefully remove the cap on the logo side of the Freedom Micro-Light using a pointed tool such as a ball point pen or the tip of a nail file.

2. Replace with **ONE CR-2032** lithium battery for **Red, Yellow, Orange** and **Infrared** beams.

   Install + side toward the cap.
   Be sure top of battery is under metal strap.

3. Replace the cap by aligning tab and snap shut.

In the event of water penetrating the case, simply open the case and allow to dry.
